1.0 DEFINITION OF A DISABILITY

The *Ontarians with Disabilities Act*, (“ODA”), 2001, *Accessibility for Ontarians with Disabilities Act* (“AODA”), 2005 and the *Integrated Accessibility Standards Regulation* (“IASR”) use the definition that appears in the Ontario Human Rights Code.

A disability means:

- a) Any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device; or
- b) A condition of mental impairment or a developmental disability; or
- c) A learning disability, or a dysfunction in one or more of the processes involved in understanding or using symbols or spoken language; or
- d) A mental disorder; or
- e) An injury or disability for which benefits were claimed or received under the insurance plan established under the *Workplace Safety and Insurance Act*, 1997; (“handicap”)

2.0 BACKGROUND

The preparation of the Municipal Accessibility Plan is a requirement for local governments in Ontario under the provisions for the *Ontarians with Disabilities*, 2001 (ODA), and the *Accessibility for Ontarians with Disabilities Act* (AODA), 2005 of the Province of Ontario.

Further, municipalities are required to prepare annual updates to the Municipal Accessibility Plan identifying barriers and the action taken to remove those barriers. This update is to be formally adopted by Council and presented to the Public.

Legislation requires that Municipalities with a population over 10,000 must establish an Accessibility Advisory Committee and have a plan created by September, 2003. The Municipality of Callander has a population of less than 10,000 and is not required to establish an Accessibility Advisory Committee.

An invitation for membership to a Municipal Accessibility Advisory Committee was issued and only one application was received. It was determined that an In House Accessibility Working Group would be established to ensure that the Municipality remains compliant with AODA and IASR and to identify barriers and work to remove those barriers on an annual basis. Recommendations from the Working Group would be presented to the Finance and Community Development Committee prior to being presented to Council for approval.

Persons are eligible to use the North Bay Para-Bus Service if they are unable to board the conventional Transit System or walk a distance of 175 meters due to a physical disability.

13.0 MONITORING PROGRESS

The In House Accessibility Working Group will continue to monitor projects identified to ensure the goals and objectives of this Plan are being attained.

The Multi-Year Accessibility Plan which details legislative requirements and compliance deadlines is attached as "Schedule B". Municipal progress in implementation of the Multi-Year Accessibility Plan will be reviewed and updated by the In House Accessibility Working Group on an annual basis.

14.0 ANNUAL ACCESSIBILITY PLANS

Each year the Municipality of Callander's Accessibility Plan will identify completed projects for the previous year and identify new barriers/projects for the upcoming year.

15.0 SUMMARY

This Plan and Annual Updates have been prepared for The Municipality in accordance with the *Ontarians with Disabilities Act, 2001* (ODA) and the *Accessibility for Ontarians with Disabilities Act, 2005* (AODA).

The In House Accessibility Working Group has contacted and updated the contacts for local agencies and service groups that provide services for persons with disabilities.

The In House Accessibility Working Group has identified barriers in all municipal buildings and has made recommendations to address these barriers.

The Municipality has adopted an Accessible Customer Service Policy to comply with the Customer Service Standard O. Reg 429/07 under the AODA. Staff and volunteers within the Municipality have received Customer Service Training. Customer Service training is ongoing within the municipality and every new member of staff or volunteer community group will receive the training.

For the remainder of 2013, one of the additional tasks for implementation of the Plan will be the preparation and adoption by Council of the Accessibility Policies and a Multi-Year Accessibility Plan. The deadline for compliance under IASR is January 1, 2014.

The In House Accessibility Working Group recommends several approaches to the communication of the Municipal Accessibility Plan, Accessibility Policies and Multi-Year Accessibility Policies;

- a) Callander's Website at www.mycallander.ca
- b) Hard copies available at the Municipal Office
- c) Hard copies forwarded to the Over 55 Club and Royal Canadian Legion, Br. 445
