

## MAYOR'S MESSAGE:

I often start off with a comment about the weather. So here it is! It has been hotter than heck out there! Just remember the -40 weather mid winter. That will help you endure the heat!

I must be honest, I was waiting to see what would occur with nominations in the upcoming election before releasing the newsletter and I am very happy to say that I have been acclaimed to the office of Mayor. I will take it as a sign that most people are satisfied with the direction of Council. That is, a balance between taxes and tax increases and the delivery of services. We also need to look at growing our community to better offset the cost of the many projects ahead of us. I look forward to increasing our commercial base which will also assist in deflecting the cost from our residential taxpayers.

### FunFest and other events

I really need to thank all those involved with FunFest this year from organizers, volunteers to all who attended the festivities despite the weather conditions. The Community Centre proved to be a great place to host

the FunFest celebrations. We missed out on the parade but we will be back next year. Of course the fireworks proved to be the highlight of the weekend. Hats off to our firefighters, Callander's reputation for the best fireworks in the area is intact.

I noticed a brand new bunch of volunteers out helping. That is fantastic. This is mainly due to our recreation committee and their efforts to get other people involved.

There is so much more we could do with more volunteers. Think about it! Join the team !

### Moving Forward

Congratulations to all those who put their name forward for Council. I wish them all the best and I look forward to working with any and all of you. I look forward to your ideas and your input and together we should be able to knock the next 4 years out of the park! Get ready to roll up your sleeves!

I must acknowledge 2 ladies who have decided not to run in this year's election, my friends Heather Busch and Virginia Onley. I wish them well. Thank you so much for your years of service to Callander.

*Hec Lavigne*

# CALLANDER BAY HERITAGE MUSEUM & ALEX DUFRESNE GALLERY

## Activities at the Museum:

Exhibits on display all summer: “Callander Rocks! Callander’s Geological Journey” and “The Northern Coney Island”.

Rick Wade Cunnington’s “New Works” art show is on until August 25th, 2018.

**Historical Walking Tours** through Callander, every Thursday at 1 pm. Free, no registration required. Meet at 12:45pm at the Museum. Last day: August 23.

**Helen Whitehead “Diversity”**. Opening reception September 8, 2 - 4 pm. The exhibit will be on until October 27, 2018.

### The Museum classified as “bike-friendly” attraction.

The Museum received its bike-friendly certification through the Ontario By Bike organization earlier this year. The certification is available to accommodations, campgrounds, food service establishments, attractions and business areas. Registration is free, easy and gives participants increased visibility and access to promotional opportunities targeting the increasing bike tourism sector.

## Road Occupancy & Road Cut Permits

Council for The Corporation of the Municipality of Callander recently adopted application processes for **Road Occupancy Permits** and **Road Cut Permits**. The processes address the parking or storage of personal or business vehicles, equipment, materials or other. They also include modifications, excavations or work that requires altering any roadway, boulevard, curb and gutter, sidewalk or any other municipally-owned infrastructure. The application form for these permits will be available in the near future.

## Summer season means BUILDING SEASON

Planning is the first step to any project, big or small. Planning Administrator Taylor Craig will be happy to help you navigate the Municipal Zoning By-law. Phone: (705) 752-2608, ext. 22, [tcraig@callander.ca](mailto:tcraig@callander.ca)

If you are unsure about permit requirements, please contact the Municipality’s Building Official Cameron Karpenko, ph: (705) 752-2608, ext. 24, [ckarpenko@callander.ca](mailto:ckarpenko@callander.ca)

**CALLANDER COMMUNITY CENTRE**  
The venue for your next event!

**Outdoor & Indoor Facilities - Commercial Kitchen - Wedding Packages**

**Contact:** Lee-Ann Com e, Ph: (705) 752-1410, x. 300.

## OUTDOOR SURVIVAL SESSIONS FOR CHILDREN

Wilderness Survival Skills Workshop (Sept. 22), Geocaching (Sept. 29), All About Animals (Oct. 27). More information: [cnordbeck@callander.ca](mailto:cnordbeck@callander.ca), ph: (705) 752-2608, ext. 23.

Only **YOU** can prevent cooking fires

COOKING IS THE #1 CAUSE OF HOME FIRES

### WHAT'S THE RISK?

Cooking fires account for **22%** of all home fires.

Cooking **left unattended** is the cause of **52%** of all cooking fires.

**Stovetop fires account for 71%** of all cooking fires.

The average dollar loss per cooking fire is over **\$27,000**.

### How do I prevent a cooking fire?

- ❖ Always stay in the kitchen while cooking. If you must leave, turn off the stove.
- ❖ Keep anything that burns — cooking utensils, dishcloths, paper towels and pot holders — a safe distance from the stove.
- ❖ Loose-fitting clothes can come into contact with stove burners and catch fire. Wear tight sleeves or roll them up when cooking.

### Cooking is the #2 cause of fatal fires in the home.

Statistics for Ontario between 2010-2014. Provided by the Office of the Fire Marshal and Emergency Management

Office of the Fire Marshal & Emergency Management  
[www.ontario.ca/firemarshal](http://www.ontario.ca/firemarshal)

### FIRE INJURIES and DEATHS

- ❖ 32% of all home fire injuries occur in cooking fires.
- ❖ 14% of all cooking fires result in an injury or death.
- ❖ 11% of all home fire fatalities are caused by cooking

**NO EXCUSES**  
**NO HOT PETS**

The following information is from the Society for the Prevention of Cruelty to Animal's campaign No Hot Pets [www.nohotpets.ca](http://www.nohotpets.ca) (SPCA).

- If heat stroke is suspected (excessive panting and drooling, listlessness or unconsciousness) prompt veterinary medical attention is vital. In the meantime, wet the fur immediately with lukewarm to cool water, not cold water. Bring the pet into the shade and offer drinking water.

- Parked cars can quickly reach deadly temperatures, even on relatively mild days with the car parked in the shade and the windows slightly open.

- Dogs have a limited ability to sweat; even a short time in a hot environment can be life-threatening. A dog's normal body temperature is about 39°C, a temperature of 41°C can be withstood only for a very short time before irreparable brain damage or even death can occur.

- SPCAs across Canada receive hundreds of reports of pets being left in cars every year.

- If you can't take your pet with you when you leave your car, leave them at home where they are safe. Owners who choose to leave pets unattended in vehicles, may face charges under the Ontario SPCA Act or the Criminal Code of Canada.

- It's imperative that each of us as animal owners is responsible in providing the proper care for our pets. As such, leaving a pet unattended in a vehicle is one of the most irresponsible things a pet owner can do.

See an animal unattended in a vehicle? Report it! Call 310-SPCA (7722), if in Ontario or your local Police.

Let's keep Callander clean and beautiful!

Photo: Don Kervin.

**Thank you  
for cleaning up  
after yourself  
and your pet!**
