October 10th, 2018

Please be advised that Sewer Technologies Inc. has been contracted by the Municipality of Callander to investigate sanitary sewer inflow and infiltration. The goal of this project is to identify possible broken, leaking or crossing connected service lines.

Our crews will be performing Fog Testing in your area commencing on Thursday October 11th, 2018. If you observe any fog entering into your house or business via floor drains, traps, sinks, etc. please do not be alarmed. This is a non-toxic material used to locate deficiencies in the underground infrastructure in your area.

Should you have any questions or concerns please call our office at the above noted number.
