

PUBLIC NOTICE

WINTER MAINTENANCE AND SNOW REMOVAL

SERVICE REQUEST FORMS AT MAIN OFFICE OR "CONTACT US" FORM ON-LINE

Tuesday, February 5, 2019

The Municipality has been receiving numerous calls and email messages regarding the height of snow banks and other related concerns.

Please bear with us while we work diligently to keep our roads and sidewalks safe for you all to travel on.

We will endeavor to remove or lower the snow banks that may be impeding sightlines at intersections and other critical areas, as soon as we are able to.

Please keep in mind that we have a lot of snow to deal with and we have limited space to store it.

If you have a concern related to snow removal, please attend the main Municipality Office at 280 Main Street North and fill out a Service Request Form or complete the "**Contact Us**" form available on the Callander website as outlined below:

<http://www.mycallander.ca/contact-us-form/>

Please also be respectful when communicating with our staff as we are working as hard as we can.

Your patience and understanding are appreciated.

Thank you,

Andrew Bird, C.Tech., rcsi
Manager of Operations
