

Message from the Mayor

As a longtime resident of this beautiful community of Callander, I recognize the enormous challenges that we are now facing during this unprecedented time. On behalf of Council and our staff of the Municipality of Callander, I want to express our sincere thanks to you as a community for doing your part in slowing the spread of COVID-19. We must continue to social distance, wash our hands, not gather in any large numbers, and look after our families and neighbours while maintaining a safe distance.

Rest assured that the safety of our community and staff is our top priority as we modify the way our staff in Administration, Fire and Emergency Services, Finance, and Public Works are continuing to deliver our services. We are doing our best to ensure that the Municipality runs as smoothly as possible. Your patience and cooperation are much appreciated while we move through this rapidly evolving situation and time. Please remember if you have any questions, we are here for you.

Our Emergency Management Plan's Community Control Group (CCG) meets twice a week to monitor and assess the situation, to meet the needs of our community and respond to federal and provincial directives. Please continue to monitor our website for ongoing updates from the Municipality, local agencies and the Provincial Government.

If you have any questions, please contact the municipal office by email at info@callander.ca or phone at 705-752-1410. If you need help and don't know where to turn, we can help connect you with the resources you need.

Along with you, we are all working together to provide the best outcome for our community.

Mayor Robb Noon
